

McFADDIN

~ CLEAN SIMPLE SAFE ~

In order to address a growing demand from modern health conscious consumers who want to know what they are eating and where it came from, McFaddin Ranch is now offering premium cuts of ranch raised beef for you and your family to enjoy. Every ounce of our beef was grown and packaged right here in South Texas and USDA inspected, meaning that it is as fresh and healthy as possible when it hits your plate. Our goal is to provide you with high quality traceable meats so you know exactly what type of fuel you are providing your body with. Delivering clean, safe and simple protein options to you is our job. We are very excited and proud to help you participate in a great Texas tradition when you lay that steak on your grill or you hear the sizzle in your skillet.
